

### PiFi & PiFi Services,

Make mobile data services for WiFi-enabled devices ubiquitous and affordable for all travelers and international voice calls dialed from Smartphones by IP telephony from anywhere to anywhere to be at the ultimate lowest cost!

Pay-per-use; there is not contract required.

<b>U.S.A</b>	<b>Europe</b>	<b>Caribbean</b>
<b>\$0.16 cent/MB</b>	<b>\$0.12-\$0.21/MB</b>	<b>\$1.40/MB</b>

## Savings of 55% - 90%

### PiFiDIALER

A Dialer App with superb features for use with your iPhones, iPADS, Android Smartphones, Windows and MAC Laptops

Uses 37.5% less (compared to any other Mobile Dialer) volume of data transfer for one minute of VoIP voice conversation. PiFiDialer+PiFiVoice offers the ultimate lowest cost way of making international calls when mobile roaming and travelling abroad.

### PiFiVOICE & PiFiDID

High-quality, best-value carrier service for IP telephony for use with PiFiDialer to make and receive telephone calls from and to anywhere; PiFiDID is your virtual local number in 65+ countries.

PiFiZone is a Personal WiFi Space that one can create with PiFi+PiFiSIM anywhere in a 3G mobile network which is available almost everywhere where one would want to visit for business or leisure.

It is a great value proposition that your clients would appreciate for its great value in terms of

**convenience** - anywhere where there is GSM network; it supports up to 9 devices for connection to the Internet (multiple users can share the same PiFiZone)

**availability - ubiquitous**; PiFiZone is set up with a press of a button. (you can tear it down with a press of a button as well);

**safety** - secured with personal password

Cost due to data transport to the Internet for 1 minute of VoIP voice conversation by PiFiVoice = US\$0.21 (for 1 MB) / 4 = US\$ 0.0525 (for 250 KB)

Cost per minute of voice call by PiFiVoice to call USA = US\$0.0143

Total cost of a 1 minute call from Germany to USA = US\$ 0.0525+ US\$0.0143 = US\$ 0.0668 (including cost due to data transport cost and VoIP cost)

Dimensions:  
54 mm x 91 mm x 12 mm
