

# EcoCarrier presents RWMC Program

## Voice and Data Communication Program for the Corporate Traveler

Designed to meet the needs of the Road Warrior for Low-Cost Voice & Data Mobile Communication Service without compromising on Service Quality, Reliability & Convenience

Achieve savings of **65%-90%** on all mobile international calls, when roaming in-country or abroad

### 4 Great Value Proposition:

1. When roaming abroad (outside USA), use SuperSIM for voice call

- with full roaming support by 550 Mobile Network Operators of some 200 countries
- receive incoming calls Free-of-Charge in 72 countries (including all EU countries, UK. Etc.)
- receive incoming calls at less than \$0.50 in most other countries
- pay 65%-90% less for making international calls (e.g. Call from Germany to USA:
- use special SuperSIM "Concierge" feature and the hotel room phone for making outbound calls
- use SuperSIM follow me feature to instruct the SuperSIM service platform to deliver incoming calls to hotel room phone or any local telephone set.

2. When roaming in an area where Free or Low-Cost WiFi service is available or where you have all-you-can-eat-for-one-monthly-flat-fee data service for access to Internet via GPRS, EDGE, HSPA networks, use **X-DIALER** to make international calls.

National and local calls

- free download of X-Dialer for you with your mobile handset
  - iPhone, BlackBerry, Android, Symbian or Windows Mobile
- make and receive international calls at extremely low per minute rates normally applicable to PC-to-Phone operation

3. When roaming in the USA, use ShuttleSIM for voice call and data service

- ShuttleSIM is a Multi-IMSI SIM that is capable of assuming the profile of multiple Mobile Network Operators ("MNOs") including a MNO in/of USA for voice calls and prepaid data service and another profile of an MNO of EU that offers greatly discounted prepaid roaming data service
- Receiving calls Free-of-Charge when caller dials ShuttleSIM's UK No.
- Receiving calls at US\$0.37/minute when caller dials ShuttleSIM's USA Mobile No.
- Call to Canada costs US\$0.31/minute
- Call to all Europe costs US\$0.55/minute or less
- Send SMS from EU to any country at US\$0.26 per message

4. When roaming in some 90 countries, use EcoSIM prepaid data service for access to Internet via GPRS, EDGE or HSPA network

- with EcoSIM Data Service, you pay 30% - 50% less than what your country MNO charges you for roaming data service in the various countries.
- EcoSIM works with all unlocked iPhone, BlackBerry and mobile handsets that are compliant with SymbianOS, Android and Windows Mobile (Nokia, HTC, Samsung, Nexus, SonyEricsson XPERIA X-10, Motorola etc.)
