

CORPORATE ROAMING SOLUTION FOR ROAD WARRIORS

Travel and roam hassle-free around the globe receiving incoming calls free-of-charge in 70 countries or making calls as low as US\$0.10 per minute with our GSM roaming SIM cards! Your work productivity will improve as business issues and problems can be resolved in a timely fashion thanks to our cost-saving technology. Communicate freely in any country with our proprietary "Concierge" technology now allowing you to make important business calls from your hotel room or from any PBX extension at a fraction of cost you would usually pay to your mobile operator while roaming.

Start achieving savings on your corporate mobile expenses and enhance your employees' travel experience with our GSM Roaming SIM Cards. SuperSIM and ShuttleSIM are international roaming GSM SIM Cards designed for corporate travelers. The cards offer low-cost per minute rates for calls made to landline or mobile phones globally without hefty roaming charges in some 200 countries. Our online account management system allows you to control employee spending, monitor calls and history, modify accounts, view their call records, manage top-ups and much more.
