

Gold!LineTM

An invaluable telephone service

Enables you or your business to be

*Reachable by a Local Call in any city**

No Matter where in the world you or your business is located

* where DID Number is available

Features, Applications & Benefits

- When you subscribe to a Gold!Line service, you get a real unique telephone number of the city where you intend to have a local telephone presence or to have the appearance of a local business office.
- When a client dials your Gold!Line No.TM, he will be connected through the Gold!Line network to reach your receptionist or sales or service agent at your business office in another city or another country.
- It is a Local Call to the caller and a very affordable per minute service to you.
- It is an excellent facility for your global sales and service operation.
- It is also a great service for personal use – for instance, a parent may want to subscribe to a Gold!Line service to have a local call no. for the children attending schools abroad to use to call home.
- Auxiliary services - Gold!Line is available* with VoiceMail and Call Return services. When your agent is busy and not able to answer the call when it arrives, the caller is invited to leave a message in the Gold!Line VoiceMail box and/or leave a telephone number for an automatic return call.
* where EcoCarrier has a partner VoIP gateway
- Currently, Goldline service is available in the following cities:

New York	Frankfurt
Paris	Brussels
London	Zurich
Madrid	Milan
Amsterdam	

- Subscriber pays a one-time set-up charge and a small monthly service fee and a per minute charge. For details enquire at goldline@ecocarrier.com
